

Wireless Communications Surcharge Rates on Prepaid Wireless Communications Services

Effective September 1, 2024

The Tax Law imposes a public safety communications surcharge on prepaid wireless communications services. The New York State wireless communications surcharge on prepaid wireless communications services is \$0.90 (90 cents) on each retail sale of a prepaid wireless communications service that occurs in New York State, whether or not the sale is made in conjunction with the sale of any tangible personal property. In addition, New York City and counties outside New York City may impose a local surcharge on each retail sale of a prepaid wireless communications service within such locality, whether or not the sale is made in conjunction with the sale of any tangible personal property.

Any items changed from the previous version appear in ***boldface italics***.

Part 1 – Surcharge rate for localities that impose a local wireless communications surcharge

The chart below lists the combined state and local surcharge rate for the localities that impose a local surcharge. See Part 2 for a list of localities that do not impose a local surcharge.
